

Meggitt Aircraft Braking Systems Quality Policy

The Meggitt Aircraft Braking Systems Quality Policy serves as a guideline in everything we undertake; it expresses our objectives to customer satisfaction, supplier development, personal commitment and company prosperity.

- » The ultimate objective is to supply on time, reliable, safe, cost effective and innovative products and services with zero failures.
- » Meggitt Aircraft Braking Systems will develop, maintain and continuously improve its Quality Management System. Management retains accountability to all stakeholders and provides necessary support to ensure the fulfillment of the commitments outlined in the policy. We shall comply fully with all legislative regulatory requirements and standards, creating a continuous improvement culture.
- » This policy will be realized through annual business objectives and associated measures and reviews.
- » The policy shall be represented to all employees in the quality awareness orientation training and reinforced by management to ensure understanding and commitment throughout the organization.
- » The Quality Policy and objectives shall be critically reviewed annually to ensure suitability, efficacy and continuous improvement.
